

**St Bernadette's Primary School**  
**PE Sports Grant 2017-2018 Report to Governors and Parents**

Background

The Government has allocated additional funding (£21,370) for the academic year to provide new, substantial primary school sport funding in order to improve the provision of physical education and sport in primary schools. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to schools to be spent on improving the quality of sport and PE for all their children. All state-maintained schools, academies, middle schools, special schools and pupil referral units which have primary aged pupils (as reported in the school census) will receive the funding. This funding is ring-fenced and therefore can only be spent on provision for PE and sport in schools. We will be held accountable for how we have used the additional funding to support pupils progress and participation in PE and school sport. We are required to publish on-line information about how we have used the additional funding, including details about our sporting provision alongside curriculum details. This will ensure that parents/carers and others are made fully aware of the PE and sporting provision at St Bernadette's Primary School.

**Overview of the School: Primary PE Sports Grant Awarded 2017-2018**

Total number of eligible pupils on roll (Years 1 to 6 and pupils aged 5 in Reception as recorded on January 2017 Census)	537
